PRICE MANUAL 2023

ABOUT US

Ever heard stories in which parents were forced to study under the streetlight or with a candle?

At Switcher, we strongly believe that all human beings should have the right to electricity and light and pledge that no child ever meets such fate. We aim to build a society where each one has access to the basic lighting and lighting equipment. We strive towards this by manufacturing in-house quality products with reliable performance.

AB HAR GHAR HOGA R  SHAN

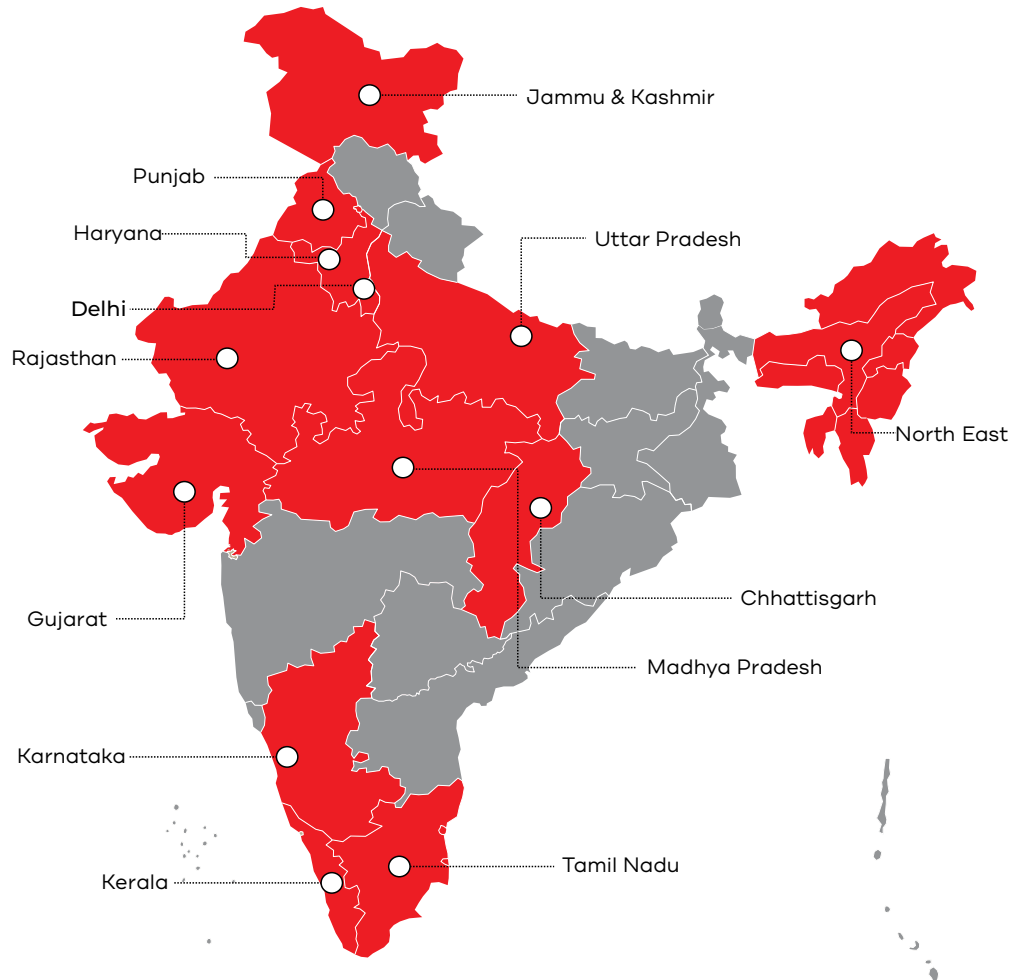

Switcher aims at providing maximum product efficiency at an affordable price without compromising on the quality and durability of the product. With a vision to spread light and love across generations, we have come a long way to make many dreams come true.

ONE NATION

ONE LIGHT

We are a part of India's revolution of Make in India. Our in house team consists of skilled professionals dedicated day and night to the success of our mission.

Switcher aims at providing maximum product efficiency at a very affordable price without compromising on the quality and durability. We use high quality LEDs - Edison (Taiwan). All our products have a range of benefits - Low power consumption, Instant start-up, Long life (>50,000 Hrs.), More light at low temperature, and Durability, which ensure zero maintenance cost. All our appliances are RoHS compliant ensuring no harm to the environment.

Switcher is the only organisation in India to manufacture the complete range of Led lights, while accentuating and empowering men and women who work with us. With a vision to spread light and love across generations, we have come a long way to make many dreams come true.

“Excellence is not an act, it’s our habit.”

Quality is what we aim for, trust & loyalty is what we seek.

we deliver LIGHT with TRUST
