## ONE NATION

We are a part of India's revolution of **Make in India**. Our in house team consists of skilled professionals dedicated day and night to the success of our mission.

Switcher aims at providing maximum product efficiency at a very affordable price without compromising on the quality and durability. We use high quality LEDs - Edison (Taiwan). All our products have a range of benefits - **Low power consumption, Instant start-up, Long life (>50,000 Hrs.), More light at low temperature, and Durability, which ensure zero maintenance cost.** All our appliances are RoHS compliant ensuring no harm to the environment.

Switcher is the only organisation in India to manufacture the complete range of Led lights, while accentuating and empowering men and women who work with us. With a vision to spread light and love across generations, we have come a long way to make many dreams come true.

## DEALERS MEET

## ONE LIGHT

*"We like promoting Switcher Brand as the product quality is better than others. In the segment, they have the lowest failure rate. Its a 100% value product for any customer."*

**-Channel partner, Indore, MP**

*We believe in Brand Switcher for it is an Indian Brand. We have visited the manufacturing unit in Delhi which is well equipped and under good technical observation all the time. The products are tested by the quality control team before sending out to the market.*

**-Channel partner, Kerala**

*"I am very satisfied since the time I partnered with Switcher India. All my associates like using their products. LEDs, Modular Boxes, MCBs, DBs are best in the market compared to other brands."*
